

AP 7-300 – TRAFFIC AND PARKING CONTROLS

Traffic routes and parking areas on school property are designated by the Transportation Supervisor, in consultation with principals and local traffic authorities in order to ensure student safety and to promote the smooth flow of traffic.

Staff members and students using parking facilities on school property do so at their own risk.

The Division is not responsible for damage or theft.

Electrical outlets are available to staff on a rental basis for block heaters.

One vehicle at each school may be designated as an emergency vehicle by the principal, and the owner shall be granted free parking in exchange for such use.
