

**Healthy land, healthy communities.
That's our motto.**

Harvest Moon Society Scholarship

Harvest Moon Society is an educational charity with a mandate to provide experiential educational opportunities focused on regenerative agriculture, sustainable food systems, and environmental stewardship.

Our Mission is to develop a learning center that works toward strengthening and building linkages between urban and rural areas, empowering communities while creating strategies and infrastructure to sustain community and environment. This will be carried out using a diversity of tactics focused on grassroots and participatory practices.

Harvest Moon Society is excited to offer three (3) scholarships of \$500 each to youth aged 17-21 who reside within the boundaries of Manitoba for furthering their knowledge or education related to regenerative agriculture, sustainable food systems, and environmental stewardship. Examples of further education may include, but are not limited to: tuition at an educational institution, and/or registration for a course or conference.

Applications will be reviewed by a panel of judges from the Harvest Moon Society.

Deadline for application is April 30.
Successful applicants will be notified by May 31.

HOW TO APPLY

To apply, please answer the following question:

How would you use \$500 to further your knowledge or education in the areas of regenerative agriculture, sustainable food systems, and/or environmental stewardship and why is this important to you?

The format of your application is up to you: you could answer in an essay, video, slideshow, or in any other format in which you feel comfortable.

We ask that you limit your application to the equivalent of 2 written pages or 2 minutes of video/audio.

Applications can be submitted at www.harvestmoonsociety.org/scholarship
