

# #RESTART<sup>↑</sup>MB

## RESTORING SAFE SCHOOLS

## Pandemic Response System Levels for K–12 Schools

As of Monday, November 2, 2020, the following levels of the #RestartMB Pandemic Response System will be in effect:

- Winnipeg Metro Region will be operating in the Critical level (Red).
- All areas of the province of Manitoba outside of the Winnipeg Metro Region will be operating in the Restricted level (Orange).

### **K–12 Schools across the Province – Restricted Level (Orange)**

All K–12 schools will now move to the Restricted level (Orange).

- Schools must ensure two metres of physical distancing to the greatest extent possible, and adjust classroom space as necessary; excess furniture must be removed from classrooms to create additional space; other spaces within schools must be repurposed to accommodate more distancing (e.g., multipurpose rooms, shared spaces, common areas, and libraries).
- Extracurricular activities are only permitted if all learning and distancing requirements have been met. If these activities continue, established guidelines must be followed and, in the case of sports, participants should maintain distance when not active.
- Teachers and staff who move across cohorts of students, including substitute teachers, are required to wear medical masks. Medical-grade disposable masks have been issued to all schools. N95 masks are not required.
- Indoor choir and the use of wind instruments are not permitted.
- All field trips must be postponed or cancelled.
- Blended learning (in-class and online) for Grades 9 to 12 where distancing cannot be achieved will continue as per status quo.
- Kindergarten to Grade 8 students may be offered a temporary remote learning option for the duration of the Restricted level (Orange).
- All other public health measures are still in effect.
- Manitoba Education and public health officials continue to monitor the situation closely and will continue to advise if additional measures are warranted.
